Weekly Update

This coming Monday, October 12th, 2015 will be Grandparents/Important Person Day for third grade at North Liberty Elementary! Third graders and their grandparents/important people will have the opportunity to enjoy a breakfast treat and the Scholastic Book Fair. The students will be able to give their grandparents/important people a brief tour of our classroom prior to a performance that will be held in the back gymnasium. We are looking forward to have our grandparents/important people join us on Monday morning from 8:30 until 9:30!

During math this week, we studied frequency tables and started a unit on polygons. We will be learning about 2-D and 3-D shapes and their attributes (edges, vertices, faces, etc.) We will take 2-D shapes a bit further and dive into the world of perimeter of shapes.

Please remind your child that when they have finished reading a book, they are welcome to take the AR quiz over the story at any of the given opportunities.

In our classroom, students are welcome to take AR quizzes in the morning, during read to self time throughout reading block, and after lunch. During reading this week, we practiced drawing conclusions using details from the story, inferring and predicting, as well as literal and nonliteral phrases in text.
