Weekly Update

It definitely started to feel like fall this week! Please make sure your child has access to a coat or sweatshirt for when the weather is chilly and they are outside for recess or P.E.

Throughout the week, our homeroom completes morning work each day.

This is two or three questions that are based on questions they will encounter on the IREAD-3 assessment (which is given towards the end of the school year). When the weekly sheet comes home, it will have been corrected daily. You will be able to see the mistakes your child may have made as well as their areas of strengths. Please be sure to look at these morning work questions as they will provide great starting points for the concepts your child may need to practice.

During math next week, we will begin to learn about rounding and estimating numbers to the nearest ten and nearest hundred. This can be practiced at home by just simply asking your child to round any numbers that you see around the house!
