JANUARY 15, 2015

## Weekly Update

Throughout the next couple of weeks, there are three dates that I will be out of the classroom to serve on a math textbook adoption committee. The dates are as follows: January 19, January 26, and February 19. I like to let parents and students know if I am going to be gone if it is at all possible, so they can prepare for having a substitute teacher. The class will run on a regular schedule while I am out of the classroom!

Our math time this week has focused on word problems that involve multiple steps. The problems may require students to do any of the four basic operations (addition, subtraction, multiplication, and division) in any order. These types of problems are crucial for students to master because they are typical of ISTEP questions. We took several days to practice this concept in order to ensure a lot of practice for the students. As always, practicing the basic facts at home will be helpful to your child's success.

## Important Dates and Events

- January 18: No school (Snow make up day)
- February 10: PTO Ice Cream Social
- February 8-11: PTO Scholastic Book Fair
- February 12-15: No school (Snow make up days)
- March 28-April 1: Spring Break

No spelling words for Miss Iseler's reading class next week due to the short week, and the fact that I will be out of the classroom two of those days. Enjoy the spelling free week!

January Reading Goal: 380 minutes
