April 15, 2016

Weekly Update

We will begin the next round of ISTEP+ testing next week. The practice test will be on Monday. We will take math sections 1 and 2 on Tuesday, and section 3 on Wednesday. We will take ELA sections 1 and 2 on Thursday, and section 3 on Friday. Please ensure that your child gets plenty of rest each night and eats a healthy breakfast each morning. Also, please do not have any prearranged absences during this time.

We began a new unit in math last week based on measurement; measurement of time, length, mass, and liquid volume. So far, we have worked through the time portion of the unit and moved into measuring length, mass, and liquid volume.

Our science unit continued with plants and we were able to learn about why plants have flowers as well as complete an activity to see how pollination works.

Please encourage your child to read 20 minutes every night!
