Weekly Update

Can you believe we only have 8 days of school left in the 2015-2016 school year? We completed the stories and lessons that are in our reading series this week, which seems like perfect timing! We will be doing some review actives in reading next week in preparation for fourth grade. Please note that if your child is in another classroom for reading, they may still have spelling words for next week!

In math this week, we finished up our unit on geometry and began a new unit on money. This will be a short unit and is mostly review for the students, as we have already studied the topic this year. We will focus on both finding the value of coins and bills as well as making change.

It was wonderful to see all of the students and their families at the Spring Music Program on Wednesday night! I am proud of the students hard work to put on a lovely performance.
