## Weekly Update

What a wonderful full week back to school! I hope that everyone had a restful and wonderful Thanksgiving holiday. We have been busy in third grade this week and did get to have a little fun too! On Wednesday morning, students enjoyed a performance from the BMX riders with AGANation. They put on a great show and it was enjoyed by all! Thank you to those who sold, participated in, and encouraged others to sell chocolate to help make the event possible!

In math this week we really pushed ourselves! We have been working with finding the area and perimeter of rectangles, and then creating new rectangles that have either the same perimeter or the same area as another rectangle. This is an extremely difficult task for students because it requires multiple steps and takes time! Have your child show you how to do this at home, it is so awesome to watch them figure it out and their pride when they do!

We also had two out of our five respect lessons from Mrs. Heiser this week! We will have two more next week and the final lesson in the week before winter break.
