Weekly Update

Our next round of ISTEP testing will begin this coming week. We are currently scheduled to test every day. Our testing will begin at 12:15 each day and we ask that no pre-arranged or scheduled absences take place during these times. It is extremely important that your child is at school on these days. We will also have two days of testing the following week as well. Students will be provided with a snack for each day that we have testing. Please continue to make sure your child is following their normal routines, getting plenty of rest, and eating a healthy breakfast.

We will continue with our math lessons next week during our morning time slot. These lessons will focus on arithmetic patterns, including identifying the rule, finding a missing number, and creating our own number patterns. This will include in-and-out boxes as well, where we will be finding the rule and then applying it to other numbers.
