Weekly Update

What an exciting first week of school! The students worked hard all week to get into the new routine of third grade, including things such as our daily schedule, how reading block and math block will be structured, bathroom breaks, and many other structures we will use throughout the year.

During reading block we have learned the first of our Daily 3 activities that will be the basis for our reading time on a daily basis, Read to Self. Students have built up their stamina during this time and will continue to do so as we go through the next several weeks. We have also learned about many new strategies from our CAFE Menu that we can use while we are reading.

Math time has been a lot of review from what we already have learned about place value and the many different ways to write numbers, including standard form, expanded form, and with place value blocks.
