

Miss Iseler's Classroom News

May 29, 2015

What's Next?

As you are already aware, next week will be our last couple days of school.

Students have school on Monday and Tuesday of next week (June 1 and 2).

If you would like your child to continue to practice their academic skills throughout the summer, please do not hesitate to have them use the academic software that is available to them. Students are able to work on Moby Max (both reading and math) as well as Lexia Core 5 (reading) from any computer that has internet access.

Summer
Reading Goal:
As many
minutes as you
can!

Weekly Update

We had an exciting week in third grade! After Memorial Day on Monday, and our field trip to Fair Oaks Farm on Thursday, we had three days of classroom time that was packed full of activities and learning.

During reading time we were able to do some writing in response to some stories that we read. Throughout math this week, we continued/ finished up our geometry unit by taking a closer look at special kinds of triangles and quadrilaterals. We were also able to enjoy the talent show this afternoon, which several of our class members were a part of!

I would also like to thank the adults who were able to travel to Fair Oaks Farm with us on Thursday, as it was so wonderful to have you there and for your help that you provided. I cannot thank you enough for volunteering your time to help our classroom, thank you!

Important Dates/Events

June 1: Field Day

June 2: Last Day of
School

**JUNE 3-AUGUST 4:
SUMMER BREAK**
